Two choices:

#1. You may scan this form and email it as an attachment to [mdbinder1942@gmail.com](mailto:mdbinder1942@gmail.com)

Print and read the following pages for the requirements for and how to make a video.

## PRINT PAGES 2 – 5

**This sheet is for your personal use. Do not send it with your entry form.**

The following information may look overwhelming, but it really is not. We included every minute step so you know what to do. Just take one step at a time and ask a teacher or parent to help you. Check off the steps as you complete each one.

### There are 4 required parts to this contest.

Part 1 – Email a copy of the entry form which is on page 1 of this document.

Part 2 – Decide the subject of your video. Make the video.

Part 3 - Upload your video to YouTube.com. You must insert the link to <http://www.super-science-fair-projects.com> where requested to place a link.

Part 4 - Complete numbers **a, b, c, d, e**

So let's begin 😊

### Part 2

We wanted to make this a fun Olympiad.

- 1). Make a video showing the steps that you took to create your science fair project.
- 2) Send as an attachment, in doc form, your science fair project abstract.

- Choose a specific title for your video that includes the words, Science Fair or Science Fair Project  
Example: *Guppy Inheritance Science Fair Project*
- Remember, the purpose of the contest this year is to have fun!

### Part 3:

#### Upload your video to YouTube.com

- Before you put your video on [www.youtube.com](http://www.youtube.com) read the directions beginning on page 4. Complete sections **a, b, c, d** and **e**.

#### How to put your video on You Tube?

Your video must be very child safe in words and images. There cannot be any cursing (swearing) or name calling, no slurs against any cultures, people or a country and no sexual insinuations. And no knives, weapons of any kind, guns – not even paint guns! Nothing to do with war, shooting or killing people.

**a.** Register at YouTube if you do not have an account. It is free: [www.youtube.com](http://www.youtube.com)

After you register, **you will receive an email from YouTube and you MUST confirm your email address for your account to be activated.**

- Within this email is a link that says, **Upload** and share your videos worldwide. Or here is the link to that page: [http://www.youtube.com/my\\_videos\\_upload](http://www.youtube.com/my_videos_upload) (see below so you know what to write in the form on this page – part **c.** )

YouTube has a help section on how to share and upload your videos:

<http://support.google.com/youtube/bin/answer.py?hl=en&answer=57924&ctx=cb&src=cb&cbid=-ltlkjhg7tg9g&cbrank=4>

YouTube accepts video files from most digital cameras, camcorders, and cell phones in the .WMV, .AVI, .MOV, and .MPG file formats.

**Also**

**b.** Only make the video 1 to 10 minutes. Explain what you are doing as you are doing it.

**c. Upload your video:** [http://www.youtube.com/my\\_videos\\_upload](http://www.youtube.com/my_videos_upload)

Under each category on the right side of the box there is a link that says, [choose options](#). Click on that link so that you can input the following information.

**Title:** Remember to have the phrase **Science Fair Project** or **Science Fair** in the title.  
A question will get you more interest and views.

**Description:** Write a one sentence description with the name of your video in it.  
Then write a very short description – 3 or 4 sentences at the most. Tell the benefits of looking at the video - what will the listener gain by listening to your video:

**Link:** Email me the name of your science fair project and I will email you the link on the page where it will be located.

**Tags:** Insert the following: science fair projects, science fair project ideas, \_\_\_\_\_  
(Fill in the blank above. If your experiment is about your environmental science fair project that you did for school, then write *environmental science fair project*. (do not capitalize the words in the tags.)  
**science fair projects, environmental science fair project, water science experiment, waters science fair projects, science fair project ideas, science fair contest, science fair song**

**Video Category:** **Howto & DIY**

**Broadcast Options:** **Public Share....**

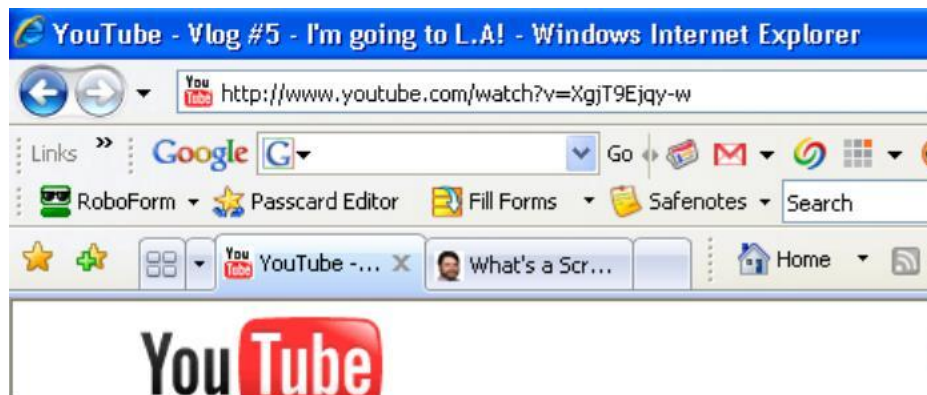

**Date and Map Options:** **Input May 1, 2014**

The place where you recorded it: **If you want you can put your town where you live. Do not** put your exact address - for security and safety reasons.

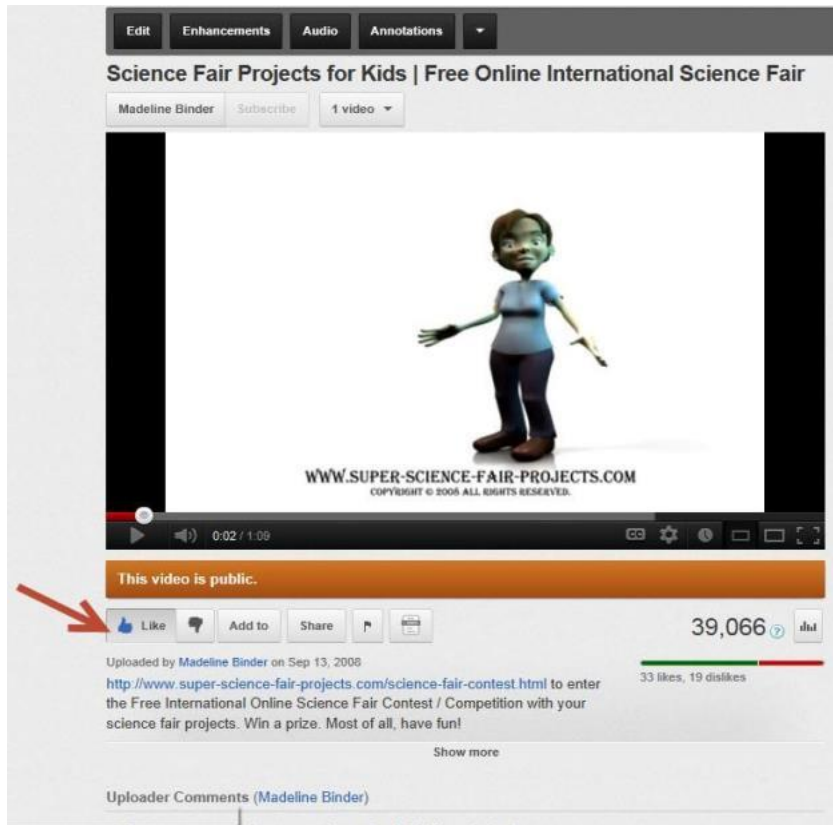

**Sharing Options:** **Upload a Video**  
**Choose the first option in each category.**

**d.** Once you upload your video, you must send me the url of the page. You will find this to the right of your video when you go to view it.

In the screen shot below, see where it says, <http://www.youtube.com/watch?v=XgjT9Ejyqy-w>  
**Highlight your url and email it to me immediately.** This is important so I can put the link on your page at Super Science Fair Projects.

e. Send an email to all your friends and family. Ask them to watch your video. Tell them to leave a comment and click on the Like button that has a thumbs up image. Notice the description under the Like button. It is filled with keywords.

Thanks for participating, and most of all have fun! Madeline
